

# Blackman Class – Summer Term 1

How has Brazil changed as a result of Colonisation?

Reading Eggs and Mathletics task will be set on alternate Fridays (one week Mathletics and the next Reading Eggs) and these should be completed by the following Thursday. Obviously, children are more than welcome to use these resources at any point to earn those certificates! Children should also keep practicing their weekly spellings, Maths KIRFs and of course read regularly.

Please choose 2 tasks below from separate areas (you are welcome to complete more if you wish) to complete, these should be brought into school between 15<sup>th</sup>-17<sup>th</sup> May, when we celebrate the children's hard work.

Art and design	Create a drawing/a model of a rainforest showing the different layers of growth; some examples of what animals would live there and labelling some species of plants.	Design your own flag for a South American country- explaining your colour choices and your design.	Build a sculpture of a feature within South America.
Maths / English	Write 5 Brazilian mathematical word problems, including how to solve the problems.	Write a short story book, set in the Amazon Rainforest, suitable for KSI.	Produce a tourist leaflet for Brazil.
Big Questions (demonstrate your answers to these however you see fit)	Why was there a colonisation?	Discuss the change of religion within South-America over time.	How have Carnivals changed over time?
